Metering / EFM:			
RTU / Analyzers:			
PC/OPP:			
Communications:			
Sample Points:			
Other:			

Before NorthRiver Midstream (NRM) can proceed, the customer must complete and sign the following to authorize work and cover possible costs incurred by NRM (there are no charges for deactivations):

_____ has requested an inspection of its site at _____.
(Company Name) (Location)

NRM will invoice _____ for NRM's field time and expenses associated with the inspection. _____ will pay such invoice within 30 days of receipt.
(Company Name)

While NRM will endeavor to keep costs to a minimum, they will vary based on distance of the Receipt Point from the NRM office, travel methods, etc. Should NRM, at its discretion, use a contractor, a 15% surcharge will apply.

Agreed and Accepted by:

Name: _____

Signature: _____
(Authorized Signatory)

Title: _____

Date: _____
(mm/dd/yyyy)

Billing Information (only for clients who require electronic invoicing)

Which electronic invoicing system do you use?

 OpenInvoice Cortex**Receipt Point Change Form Instructions**

- NorthRiver Midstream must receive a signed copy of this form prior to completing any work
- NorthRiver Midstream will typically not charge for any work resulting from the deactivation of a Receipt Point
- For assistance completing this form, please contact the Tie-in Coordinator:
mts@nrm.ca

Section A**Site Information**

- Complete all necessary fields

Section B**NorthRiver Midstream System**

- Select the appropriate gathering system

Section C**Status or Equipment Change**

- Fill out the necessary fields based on the RP Change that is being requested
- Third-parties are other sites sharing the sales lateral pipeline for delivery onto a NorthRiver Midstream system
- Swing site is a site that has a separate connection to deliver onto another system other than NorthRiver Midstream
- Full deactivation consists of a complete site shut-in (i.e. entire site is no longer in service)
- Partial deactivation could involve the removal of a single meter run (i.e. remaining site is still in service)
- Resume flow is permitted if the site has delivered to NorthRiver Midstream within the last 12 months
- Reactivation is required if the site has not flowed to NorthRiver Midstream in more than 12 months
